Travel Vaccinations

- Hepatitis A
- Hepatitis B
- Twinrix
- Japanese Encephalitis
- Meningococcal meningitis-Menactra
- Polio
- Rabies
- Tetanus + Diphtheria
- Typhoid Fever—injectable & Oral
- Traveller's Diarrhea/Cholera – Dukoral
- Tick borne encephalitis
- Yellow Fever (coming the Fall of 2010)

Other Vaccinations

- Zostavax (Shingles)
- HPV (Gardasil)
- Rotavirus

By Appointment Only

We recommend you book a minimum of **6 weeks in advance** of your departure, as some vaccinations may require a series of injections.

Please bring a record of your previous immunizations.

Travel immunization and Passports are important personal records. Make a photocopy of all records to leave at home with someone you can call should you lose your copy while traveling.
